

How to Use the CLEARED4 System

Use the unique URL in the email or text message to go to the RCCD Clear4 page

DAILY INSTRUCTIONS:

1. Complete the “Check your Symptoms” questionnaire to confirm that you are not experiencing any Covid-like symptoms.

Take 90 seconds to check if you have any COVID-19 symptoms.
Please read the questions carefully.

[Check Your Symptoms](#)

2. If you are “Symptom Free” and fully vaccinated or partially vaccinated with a negative test in the last 9 days, you are clear to return to campus

Symptom Free

Based on your answers, you have been identified as someone who is free from COVID-like illness. Therefore, you may return to campus. However, you should still maintain recommended group precautions and alert student health services or your supervisor if you have any changes to your well-being or new knowledge of exposure of yourself or a close contact to Coronavirus or other serious communicable illness.

FULLY VACCINATED

1. For those who are fully vaccinated, please upload a picture of your vaccination card

[Enter Your Vaccination Data](#)

PARTIALLY VACCINATED

1. For those who are partially vaccinated, you must get tested on a weekly basis until you are fully vaccinated.

- Use the “Book Appointment” option to schedule a test at a campus testing center

Book Appointment

- Test results will be sent directly to the CLEARED4 system within 24-48 hours
 - Test results will be valid for 9 days. You MUST get tested every 7 days until your vaccination process is complete
2. Partially vaccinated persons must also upload a picture of their vaccination card as proof of participation in the vaccination process

Enter Your Vaccination Data

CONNECT YOUR HEALTH

1. **Please note, not all health records are available online. To guarantee your vaccination information is submitted for review, it is recommended you upload a picture of your vaccination card.**
2. You can use the Connect Your Health Data button to link your health electronic health records to Cleared4 and import your vaccination information. If you successfully import your vaccination information, you will not need to upload a picture of your vaccination card.
